VOLUME 1, NUMBER 5

HOLIDAY HAPPENINGS

Antrim is definitely the place to be this holiday season. Plan to stay in town December 5&6 for the first *Antrim Holiday Shopping Tour*. In fact, invite all your out-of-town friends and relatives to join you as you visit the 15 artisans and merchants who are participating. You'll be amazed at the variety of gifts available in Antrim, some of which are shipped all over the country after being created right here.

If you're too tired to cook after all the shopping, the Baptist Church will be hosting a public supper on December 5 from 5-7pm.

The tour continues on Sunday, December 6 from 9-4. Be sure to visit and be authorized at each stop to be eligible for the grand prize drawing. If a green flyer did not come with this issue of the *LIMRIK*, pick one up at any Antrim shop.

The Chamber of Commerce is sponsoring a Christmas Decorating Contest for both businesses and homes. Be creative this holiday session and light up Antrim with holiday cheer. See registration form in this issue, back page.

Antrim's Third Annual First Lighting will take place December 10th at 5:30pm at Touchwood Square (in front of the Antrim Post Office); Come for the caroling, tree lighting and, of course, Santa Claus. Santa will arrive by fire truck at 5:45pm. Food gifts for the needy will be collected by the Girl Scouts.

The Garden Club will judge the window paintings at the Town Hall. All of the area churches will be celebrating Christmas with special services which are detailed in the calendar section.

OLD HANCOCK GLASS WORKS

Old Hancock Glass Works will be found in a new location soon. Chris Baker-Salmon's glass works will open on Route 9 in Antrim Thanksgiving weekend. The retail shop, featuring hand-blown stemware, ornaments and vases as well as pressed glass, will be located in the brown cape (the house that moved!!) before Loveren Mill Bridge.

The *LIMRIK* appreciates the contributions of paper from the Monadnock Paper Mill and printing services from the Conval Print Shop; which make this newsletter possible.
THANK YOU!

The LIMRIK is a Community Newsletter mailed to each Antrim household quarterly. If you have an article, ad or press release for the Newsletter, please send it to PO Box 30, Antrim, NH 03440

DEADLINE FOR NEXT ISSUE: January 15, 1993

TALES FROM TUTTLE LIBRARY

With the holidays approaching most of us begin to feel a renewed spirit of generosity. In this spirit, your library is asking you to contribute to its Christmas stocking. In these difficult times, our resources are being cut back, so gifts from our patrons would be particularly appreciated. You can do this easily by "adopting a book or magazine subscription." Your gift will decorate our Xmas tree in early December. Ask Chris, your librarian, for further details.

Remember there are few other gifts that can give you and many others such lasting pleasure.

Our collection of Mott's labels is continuing through the end of November, so if you have an accumulation lying around the house, get them in now. Remember each label enables us to acquire a new book for our collection.

We have some interesting and exciting new books in this month. Among the new titles are the following:

Happy Holidays!

FICTION:

Stars Shine Down by Sidney Sheldon

Mexico by James Michener

Red Square by Martin Cruz Smith

MYSTERY:

Driving Force: Dick Francis

Fatal Attachment by Robert Barnard

The Cat Who Wasn't There by Lillian Jackson Brown

NON-FICTION:

100 Best Jobs for the 1900's and Beyond

by Carol Kleiman

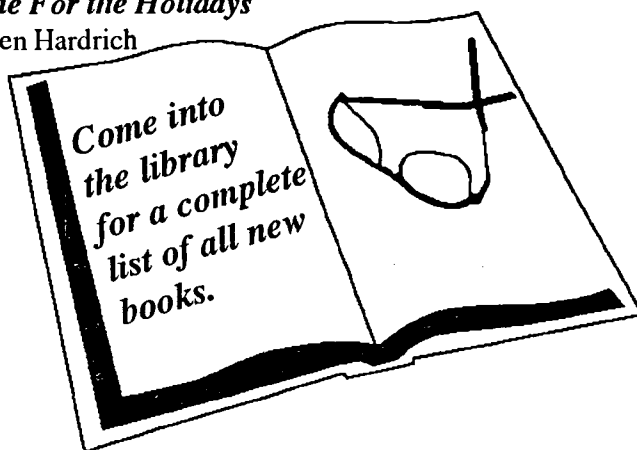

How to Raise a Puppy you Can Live With

by Clarice Rutherford

GETTING READY FOR CHRISTMAS BOOKS:

Home For the Holidays

by Ken Hardrich

CHAMBER OF COMMERCE

The next General Meeting will be held on January 21, 1993, at 6:00pm (location to be announced). This will be a business meeting to elect new officers and board members and to receive new members.

The Chamber members of the town Christmas Decorating committee are Tammy Loiselle, Paul Hardwick and Michelle Sands.

The Antrim Chamber sign is in place at Touchwood Square. The map on the sign designates the location of businesses, historical markers, town facilities (such as A.R.T., Town Hall, Police, Fire and Rescue) and Churches. You are invited to check out this sign and, if there are any comments, call 588-2888.

CHAMBER OF COMMERCE SPOTLIGHT

Located on the corner of Elm St. Extension, Walt's Place offers a variety of services. In addition to a small antique shop, there is UPS pick up, next and 2nd day delivery, custom machining, silver soldering and custom back hoe work availability.

Walt Horne and his wife moved to Antrim from Ashland, Mass. where Walt worked at Raytheon in Waltham for 36 years and also worked for government service. He is an experienced machinist and still does special government work on projects assigned and bid for. He also repairs machinery for local farmers and replaces gun parts. He belongs to C.C.C. in the State of Maine.

He has been a member of the new Chamber of Commerce since its inception. He is supported by local businesses and would welcome a visit from those who are not familiar with his projects.

TALES AND TRAILS

LOVEREN'S MILL: a short, easy walk that combines natural beauty and historical interest.

Loveren's Mill site is easily accessible from Route 9 and Loveren Mill Rd., two miles west of the junction of Routes 9 and 31. Parking is available at the highway turnout just past the new bridge. From the turnout, there is a short trail that dips gently through hemlocks and hardwoods and then follows the North Branch River to the mill site and falls. The concrete and fieldstone foundations and sluiceway of the old mill can still be seen among the boulders above the falls, but the mill itself fell to decay long ago. Loveren's Mill was a water-powered sawmill that began operating in the late 1800's. Trees were felled from the swamps and woods upriver and floated downstream to be milled into lumber for houses in Antrim Village. After that operation closed down, the mill lay idle for several years until it was bought by the Batchelders in the early 1900's. Under the new ownership, the mill manufactured a variety of items, including cable reels, crib dowels for the Abbot Company in Clinton Village, and little wooden boxes that held the sound mechanism for a doll that cried "Mama" when rocked. Raymond Grant of Highland Avenue recalls working his first job at Loveren's Mill when he was twelve, in 1918. Since he was under age, he wasn't allowed to operate any of the machinery, but he did "just about everything else," including oiling the gears on the big wheels when they were shut down for lunch at noon. "It was awfully cold down there!" Ray recounts. Not long after, Batchelder moved the operation to Marlborough and Loveren's Mill closed down for good.

The mill site may also be reached from the north side of the river, off of Loveren's Mill Rd. There is parking just beyond the bridge, and a woods road that follows the river upstream to the site - another easy walk. This was the access road for the mill and a few homesteads which have also fallen to ruin. If you are planning a hike in the area, sturdy shoes are recommended, as the footing can be slippery. Also, you might consider bringing along a garbage bag for collecting recyclables and other modern artifacts!

by Susan Bartlett

Thanks to Raymond Grant for historical and personal information

TALES AND TRAILS is a new column added to the LUMBERJACK to share interesting historical and/or natural sites/walks within Antrim. If you know of a special place or interesting story to contribute, please call Susan Bartlett at 568-2544.

about town

THE LION'S CLUB

The Antrim Bennington Lion's Club will hold their annual Christmas Tree Sale starting Sunday, November 29th, 1992 at the Tenney Farm Stand. The sale will continue Saturdays and Sundays during December until we are sold out. Please help support the local Lion's Club so we can help the community.

The Lion's Club is an international service organization with our primary concern being eyecare and health services. Lion's International is celebrating its 75th Anniversary this year.

If you would like to become involved in the Lion's Club or would like more information regarding the Lions, please call Bob or Sarah Edwards at 588-6861.

Dear Friends,

To say that times are hard is an understatement. Recently, I had the privilege of attending the Salvation Army Annual Conference. The main speaker stated that New Hampshire has been hit by an economic hurricane. This is a proper metaphor. Everyone has been hit - the competition for money is obvious.

The question is always, where is our money best spent during these most difficult times? Your local churches, too, have felt the recession. We are in the helping business, yet many churches are faced with the very real fact that we can hardly stay afloat.

We want to continue to help this community in the many Godly services we provide, but the few who support our churches each week cannot continue to do so.

The church as you know it may cease to exist unless the community of Antrim responds. Think about it. If you want to help, pick a local church and respond.

The Reverend Richard Palmer

PIÑATAS, VIDEO TAPES, MOON STATIONS, AND ANTRIM VILLAGE

What do these have in common? Great Brook students are learning about and preserving culture as part of their geography and writing classes.

Sixth grade social studies students studying Mexico have created some of the best piñatas ever. Most are animal figures as is the custom in Mexico. As the students study Canada, Mexico, and South and Central America throughout the year, they grow to understand and appreciate the cultures of other nationalities.

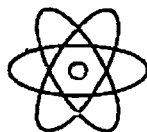

As one of several independent projects, a group of seventh grade students has begun to interview people who have immigrated to the United States. The students will be studying the past and present circumstances of these immigrants and how they came to their decision to move to the United States. The students will be working with mentors to produce a film series which will be broadcast on a local cable network. This project emphasizes the geographical themes of place, movement and region which all contribute to the evolving culture of an area.

Eighth grade students created their own moon bases out of recycled materials. After extensive research, students created a culture for their base which met the needs of the physical environment as well as the population they created. Their base sent news reports back to earth explaining their culture.

Mrs. Timm's sixth graders are preserving culture closer to home. They will visit residents of Antrim Village for fun and sharing. As part of their writing, students will write character sketches of their adopted grandparents, preserving some of Antrim's colorful past.

FROM THE WATER WHEEL TO ATOMIC ENERGY

Sixth grade students are emersed in science. In literature they are reading about Thomas Edison and researching inventions from earliest times right up to the present day. Next they will try their hands at inventing something of their own. Who knows, the next great breakthrough in scientific circles might come out of Great Brook school. In science class students are just finishing up a unit on electricity and will be traveling to the Science Museum the end of November.

school

RAPTORS AND SHELTERS

Fall is the season for birds to migrate south and students to return to school. Nature and students have learned to live in harmony at GBS. Fifth grade classes are drawing to a close an integrated science and literature unit which began in the warm September sunshine and concludes with winter in the air.

The Harris Center introduced the Raptor unit with Claudia Wagner visiting the school bringing a number of stuffed birds to leave for a month. She introduced the fifth graders to these birds of prey through movement and song. "Wings of Dawn" from Hillsboro will conclude the study with a live barred owl and red-tailed hawk actually being brought into the classrooms. Mrs. Smith's science classes have put together an impressive hall display as a result of the classes' research on specific birds.

The fifth graders have been reading *My Side of the Mountain* which involves a boy who makes his own home in the woods and befriends and trains a falcon. Students and parents hiked into the woods at the Harris Center to build their own shelters with a little twine and what they could find for natural resources. Each group built its own shelter, adults and students working together, and then shared wintergreen tea. Quiet journal reflections served as the basis for further discussions and writing back at school.

RECYCLING - LET US SHOW YOU THE WAY

With the old landfill closed and the transfer station taking over, we all need to rethink how we recycle and how to buy with recycling in mind. The eight grade at Great Brook school wants to take this on as a project. They have plans to involve students at all grade levels and put together a brochure or letter to help townspeople recycle more easily. They've enlisted the aid of Mrs. Penny who has been instrumental in recycling at GBS since the new middle school opened.

NEWS

GBS STUDENTS 'THROW HATS IN THE RING'

Remember Candidates, conventions, campaigns, speeches, voting ... This election year has been as active at Great Brook School as nationally.

The political action started off with student council elections early in October. Each team elected its own representative and school officers were elected by grade level. All candidates presented speeches to their potential constituents and schoolwide elections were held to select the GBS Student Council for 1992-93. Officers are:

President: Steve Pacsay, grade 8
Vice President: Kyle Silwerski, grade 6
Secretary: Heather Pacsay, grade 7
Treasurer: Sam Huntington, grade 5

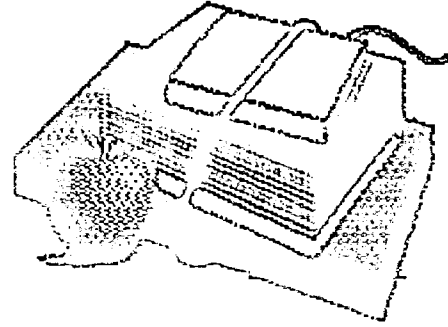

SCHOLARSHIPS AND TUTORING - Antrim Woman's Club

The Antrim Woman's Club is embarking on a new Community Project: soliciting Volunteers to tutor students at AES on a one-on-one level, basically through grade 2. The philosophy of Pat Robbins, AES Principal, is that early intervention with our young pupils can open the way for their success at a higher level. The Woman's Club agrees and is signing up volunteers to assist in the program. If you have a couple of half-hours some mornings to listen to, read to or talk to a child who needs your attention, contact Bev Tenney, 588-2518. You do not need to have been a teacher to volunteer!

The Antrim Woman's Club announces that scholarships for 2nd semester will be available for Antrim students who are enrolled and following a course of study at any educational institution - academic, vo-tech or nursing. Any interested student should contact Beverly Tenney, Scholarship Chair, RR1, Box 474 or call 588-2518 for information. The cut-off date for receiving applications will be December 30, 1992.

NEWS FROM AES

AES will be holding a book fair (new books) during school hours (9-3) from December 2 through December 7. Books make a wonderful Christmas present! Feel free to stop by the AES Library to view the selections.

LET'S DRESS UP

A high point of the eighth grade trip to the Higgins Armory was the "dress up" room. Here students were able to dress in costumes and play games of the 1400's. "Why can't we do that at school?" asked the eighth grade team. "Wouldn't it be great to have a storage room of costumes students could use when studying different time periods?"

The eighth grade could use clothing from the 1830's right now. They are planning a mid 1800's Thanksgiving celebration complete with entertainment, speeches, games and songs. Students will take on the personas of people of that time period. Costumes would add a nice touch.

Fifth graders have just finished explorer reports in which students put together a few of their own costumes. Next they will become colonists. Any costumes depicting the 1600-1700's would be greatly appreciated.

Before the year is over, all time periods will be needed. So save those cast offs from the attic and old trunks. Great Brook has a home for them.

after school activities

HOOP SEASON BEGINS AT GBS

The frost is on the pumpkin; there's a decided nip in the air - it's time for basketball! As the fall season winds down, Great Brook students turn to indoor sports.

Fifth and sixth graders have intramural basketball on Monday afternoons and volleyball on Thursdays. Intramural basketball for seventh/eighth grade boys meets Tuesdays, and the seventh/eighth grade girls play Fridays. The school teams will be selected by November 19th. See the *Limrik* calendar for times of home games. All home games are played in the GBS gym and are open to the public free of charge. Come out for an afternoon of basketball and cheer on the teams!

SOCCKER CHAMPS! In a surprise conclusion to the fall season of the Peterboro Youth Soccer Girls League, Antrim coach Brenda Kulbacki led her team to victory. After a slow start the "Sterling Business" team walked away with the championship trophy. Congratulations to the many Antrim girls on the team, Coach Kulbacki and Ass't Coach Jane Waterhouse.

NEWS FROM THE SCOUTS

Christmas Wreath Sales

Troop 2 Boy Scouts will be selling Christmas wreaths in Wayno's parking lot Saturdays, November 28 and December 5th. Prices range from \$6 to \$34. Profits will benefit the Boy Scouts.

Girl Scout Cookie Sales

Cookie sales will begin early in January. The price of the cookies is \$3.00 per box. The 50 cent increase will be returned to the Swift Water Girl Scout Council to fund the rebuilding of Antrim's own Camp Sachem.

If a girl scout does not stop at your door for a cookie order, call 588-2505 or 588-2872.

FRIENDS OF ANTRIM RECREATION

The Recreation Center at the Town Gym remains open to teens on Fridays 5-9; and Saturdays 12-9. As always, we need adult volunteers to stay open! Call us if you have a few hours to give to Antrim teens. It is greatly appreciated! Bob Bagloe: 588-2855

Drumming class with Harry Lowenthal is offered Tuesday nights from 7-9. Don't let not having a drum stop you! A few drums are available for those who need one. \$8 per class. Call Harry at 478-5797 for more info.

NORTHERN LIGHTS NEWS

Northern Lights Dance Theatre will perform *The Sorcerer's Apprentice* at the Lucy Hurlin Theatre in Conval High School this December. Out of the Sorcerer's cauldron come many magical creatures, in this "new" dance theatre version of a famous classic. Performances are on Saturday, December 12 at 2:30pm and 6:00pm. Reservations advised: call 588-8055 for more info (please don't forget to leave your name and phone number if you get a machine!).

Northern Lights classes will resume on Monday, January 4 for the Winter/Spring session. Classes in ballet, modern/jazz, tap, creative movement and aerobics/exercise are offered at different levels for all ages. Call 588-8055 for the next session's schedule.

Are you an active senior, busy mom, or employed evenings? Do you feel "a little out of shape" and want a morning exercise class that can take you slowly but surely back into shape without high-aerobic "hype"? **Northern Lights**, located right next to the town library, has a **stretch and strengthen Morning Workout** that is perfect for people of all ages who want a supportive exercise class they can take at their own pace. Tuesdays and Fridays, 9-10am, \$3 per class. Join us anytime to try out a class or call 588-8055 for more info.

Child Care for Children
Full time care for children before and after school, if he or she is sick, or I'll get your child from school if Teacher calls. Also snow days, days off and vacation time.
Emma Certy, Pleasant St. 588-2305

ANTRIM RECYCLING/ TRANSFER STATION

When you read this article, Antrim's new Recycling /Transfer Station will have been in operation for about three weeks. Hopefully any problems will have been corrected. We feel that we have a model facility that will serve the town well for many years.

Now it is time to look forward to the next year to see what issues face the town. Budgets are in process of being developed and each department will meet with the selectmen between now and December 21 to discuss their needs for 1993.

On January 11, 1993, 7:00pm there will be a public meeting to present a preliminary budget. We urge you to attend this meeting and express your feelings.

The major financial issue that will face the town next year will concern the bond issue to raise money to cover Antrim's share of closing the old landfill. Based on preliminary figures, a very rough estimate of the cost is \$50,000 to \$60,000 a year for a 20 year bond.

On February 15, (a tentative date) a public hearing will be held in Antrim to discuss the bond issue. More exact figures will be available then.

The sign up period for town offices will be between January 20 and 29, 1993. Positions open are:

Selectmen: 3 year term
Treasurer: 3 year term
Trustees of Trust Fund: one 3 yr term; one 2 yr term
Director of Health & Welfare: 1 year term
Water & Sewer Commissioners: 3 year term
Planning Board: two 3 year terms

ANTRIM PLANNING BOARD

Each year since the new Zoning Ordinance was passed in 1989, the Planning Board has proposed changes to correct errors and to give the public the opportunity to vote on important issues. The document has just been carefully edited in anticipation of a new printing. The changes we are proposing this year are to eliminate inconsistencies and to make the Zoning Ordinance easier to administer. In December we will be holding a public hearing to discuss these changes and to receive comments from the public. We urge all interested voters to attend.

DEFIBRILLATOR TRAINING

In their continual effort to provide the highest quality care in emergency cases, several members of the rescue squad recently completed training for using the defibrillator. The defibrillator is more effective than CPR in cardiac arrest situations. One ambulance now has a defibrillator, and the squad hopes to be able to equip the second ambulance in the future.

ANTRIM TOWN HOURS

TOWN CLERK/TAX COLLECTOR:

Monday thru Thursday - 8am to noon
Monday: 7-9pm
Thursday: 1-4 pm
Closed Fridays

A.R.T. (RECYCLING/TRANSFER STATION)
